Gentlemen:-

In going thru my desk the other day I came across my coin
Collection which I have had for some number of years and among
which were the following United States coins :-

One cent pieces dated - 1851
- 1853
- 1857
- 1860
- No date

Two cent piece dated - 1864

Twenty cent peices dated
- 1875
- 1876
- 1877 (2 coins)
- 1878

California gold pieces dated
 $\frac{3}{4}$ - 1857
 $\frac{1}{2}$ - 1870

If these are of any use to you please let me know and I will either
bring them in for inspection or will mail them to you. Also there
were a great number of old coins which not being familiar with I
thing might be of some interest to you.

Yours sincerely,

T. Philbrick Hasler

Dear Sir:

Among the United States coins that you describe I doubt if there are any that would be of interest to us, as all of them are common and we have fine series of all the denominations and dates. However, there may be some among the foreign coins, or among those that you do not describe. If you would care to do so, we should be very pleased to have you present any of these that you wish. What might happen to be duplications are put in our "Duplicate Coin Fund" with which to buy other coins.

Very truly yours,

Curator.
